Let us sell you your FALL SHOES, Quality and Style considered, we will save you money.

H. T. LOGAN.

The teacher institute will be held in Lancaster on Oct 2nd, to be conducted by Supt M. A. Cassidy and Mrs. Cora Wilson Stewart. All teachers who hold certificates are required by law to attend the full session. 2t

Early Sales.

The first crops of 1911 tobacco were sold in Jessamine county last week and brought eight and nine cents.

Young Democrats Both.

Mr. and Mrs. Homer Tinsley are rejoicing over the arrival of a bouncing boy, born on the 15th.

Mr. and Mrs. James Todd also have a fine boy born on the same day.

Error Corrected.

The Record stated in error last week that the Republican Mass Convention to nominate a candidate for the legislature would be held on Saturday Sept. 12th. The Convention will be held at the court house at 2 o'clock p. m. tomorrow the 23d.

Dr. Pearce Returned.

It will be good news to the community in general and to the Methodists in particular to learn that the Methodist Conference in session at Richmond this week has returned Dr. E. H. Pearce to his charges at this place and at Huble.

Give Picnic.

The Farmers Union of Garrard county gave a big picnic at Union on last Saturday which was well attended by members of the craft from all over the county. There was plenty to eat including a splendid brand of burgoo, good speaking and a good time generally. The Farmers Union is assuming large proportions in this county.

Mr. J. W. Zaring Dead At Richmond.

Mr. J. W. Zaring, president of the Richmond Grain & Mill Co. of Richmond Ky. died in that city Friday morning of heart trouble from which he had long been a sufferer. Deceased was sixty six years of age and was one of Madison county's leading citizens and business men. He is survived by a wife and four children, all of whom are married.

Dr. South Honored.

On last Thursday night at a meeting of the State Board of Health in Louisville, Dr. John G. South of Frankfort was elected president of that body to succeed Dr. Bailey of Louisville. This is a marked honor to come to Dr. South, he being a comparatively young man, but he evidently ranks high in the profession. Dr. South married Miss Christine Bradley.

The Man on The Box tonight.

Withdraws On Account Of Age.

Mr W. J. Baird who announced in last weeks issue of this paper that he was a candidate for the republican nomination for the legislature has withdrawn from the race on account of his age. Young Mr Baird is too young to make the race as the law requires that he be twenty four years of age and he is only twenty one. He has many friends who are sorry that he is forced to withdraw.

"Wills" Rogers To Have Sale.

Elsewhere in this issue will be found the announcement of Mr. N. W. Rogers' sale near Paint Lick on October 4th. Some splendid registered stock is to be disposed of at this sale, and buyers who are seeking something good will do well to attend. He will also sell at the same time and place a store room in Paint Lick. Wilson Rodgers is one of the best horsemen in Garrard county and we sincerely hope that he will buy a farm and continue to reside in the county.

Judge Walker Ill

The illness of Judge Lewis L. Walker, which was mentioned in last weeks Record, is of a more serious nature than was at first anticipated. What was thought to be an attack of malarial fever developed into a well defined case of typhoid. He was taken to the Lancaster Hospital and is doing nicely, and while this disease necessarily takes a considerable length of time to run its course, it is thought that if Judge Walker continues to hold his own through the entire course of the disease as he has in the preliminary stages he will soon be able to be out again.

An Ounce Of Preventative.

There are several mild cases of typhoid fever in Lancaster and the surrounding county. Not in sufficient close proximity however, to indicate that they come from a general source. But it would be well enough to use ordinary precautions, see that your drinking water comes from a reliable source, that your food supplies are reasonably safe from infection, and above all things see that your premises are in a sanitary condition. Clean your premises thoroughly and scatter lime and carbolic acid freely, in fact, use every precaution to guard against the disease peculiar to this time of the year.

Store Remodeled.

The Joseph Mercantile Co. have remodeled their large store room and are ready for the new fall stock which they have purchased. The room has been painted and papered and looks like a city store. They have this season purchased the largest stock of Ready-to-wear garments for ladies that have ever been shown in Lancaster and the public can inspect same by calling at their store. This business is now being managed by Messrs. Adolph and Arthur Joseph and they are showing the public that they are business boys of the first class and are keeping on hand at all times new and up-to-date goods.

The Burton Sale.

The administrators sale of the personality of the late Wm. A. Burton at his late home on Wednesday attracted a large crowd from this and adjoining counties. Capt. I. M. Dunn was the auctioneer and Dave Thomas acted as clerk. Good prices were realized for pretty much everything offered. Following are a few of the sales:—James Sallee of Boyle bought a bunch of suckling calves for \$23.50 per head; John Pennington of Wilmore bought a bunch of 1150 lb cattle at \$69. per head; R. L. Arnold a bunch of yearling cattle at \$6.25 per head. Horses brought from \$135. to \$175. per head, most of this being young green stuff. Suckling mules from \$60. to \$115; work mules \$175. to \$280. Hogs were sold by the head and counting everything realized about 6 1/2 per pound. Corn brought from \$2.40 to \$2.60 shucked down in the head.

The sale was one of the largest held in Garrard county in many years and consumed the entire day. A splendid lunch was prepared to satisfy the appetites of the crowd.

Suburban Farm For Sale.

By authority of Judge L. L. Walker, executor of the will of T. B. Walker, deceased, we offer for sale, privately, a fertile farm of 265 acres, adjoining the City of Lancaster, Ky., on the North, East, which yields abundant crops of all the money making products which are more valuable than other crops because the marketing is much less.

It has a large new barn and fronts beautifully on Richmond avenue, within the City limits, thus solving the problem of County and City life by combining them into one. A splendid farm, fronting on a concrete walk with the advantage of electric lights, telephone, pavement to churches, post-office, stores and one of the best schools in the State, is easily worth \$30.00 more per acre than the same kind of land far out in the country. We can sell it as it is, or include a handsome residence which can be connected by an intervening track of land. The farm can be sold in several tracts. Call on

HUGHES & SWINEBROAD.
Real Estate Agts. Lancaster, Ky.

FAIR MEETING A SUCCESS.

Good Crowd Of Representative Citizens Attended And Much Enthusiasm Manifested.

The meeting called at the court house Saturday afternoon for those interested in the organization of a Fair Association was well attended and much enthusiasm was manifested. Farmers and citizens gathered from every section of the county and expressed their view as to what should be done in the matter.

Mr. W. B. Mason was elected Chairman of the meeting and Green Clay Walker Secretary, and after speeches by many of those present, steps were taken from the organization of a stock company for the purpose of establishing a permanent fair for Garrard county. It is proposed to organize a company with a capital stock of \$10,000, the stock to be scattered promiscuously among the citizens of the county, the value of each share to be \$10.00. This method it is hoped to make the interest in the welfare of the organization more widespread. A committee of 27 men, three from each voting precinct in the county, were appointed to solicit subscriptions to the stock, and they, together with those persons who subscribe to the stock, and all persons who are interested in the movement are requested to meet at the court house on Saturday afternoon September 30th, at 2 o'clock to effect a permanent organization, and to discuss plans in detail as to the future policy of the association. The idea is to have an association in which every part of the county shall be interested by having stock, then making the affair one of interest to the entire county, to lease or buy permanent quarters and erect suitable buildings for a permanent home for the fair. Another feature which is being considered by the promoters of the scheme is to have several rings each day for Garrard county stock exclusively. This idea is not intended to exclude exhibitors from adjoining counties from showing stock at the fair, but to exclude them from these rings and to have an ample number of rings with premiums of sufficient size to attract exhibitors from every where to come here and exhibit, and at the same time, have these other rings which will be for the exclusive use and benefit of home productions. Another feature which is being favorably considered is the erection of a floral hall, in which the good ladies of the county may exhibit their handwork, culinary, needle work, the products of the garden, dairy and in fact everything in which they are interested.

We want to say to the people of the county that this movement was placed on foot especially for their benefit, and if they are interested, show that interest by subscribing to the stock, the subscribing binds you to nothing unless the association is finally organized, then when you subscribe, come in to the next meeting, see what class of citizens are participating in this movement, and put your own shoulder to the wheel and help the movement along.

We give below a list of the gentlemen who have been appointed by Chairman Mason to take subscriptions for stock. Call on any one of them and give him your name for one or more shares, and then come in to the meeting on the last day of the month. Should you not see one of the solicitors come in county court day and see Mr. Mason and give him your name for a few shares. Following is a list of the gentlemen from the various precincts who have been appointed to solicit subscribers for the stock:—

Sugar Still Climbing.

The price on sugar is still soaring, doing fancy stunts at the rate of about twenty five cents per jump. This is due to the fact of a shortage in the Cuban crop, bad conditions in the beet sugar industries in this country, and to an effort on the part of European capitalists to corner the market on American sugar. The American Sugar Refining Co. who are the largest manufacturers of sugar in the world, holds out some hope of an abatement of the high prices in the near future. They say that with the coming of the new cane crop in the south, which will be harvested in October, that the flurry will be over, and the prices will fall within the bounds of reason. Let us hope they are right.

We are authorized to announce Walton E. Moss as a candidate for Magistrate in the first district of Garrard County, subject to the action of the democratic party.

Do Justice To Your County Paper.

Are you pleased with the Record? If you are, tell your neighbors. If you are not, then tell us, and we will if it be within the bounds of reason, correct any errors or remedy any discrepancies which you may point out to us.

The Record is published for the benefit of Lancaster and Garrard county people, whose patronage we seek, and whom we are earnestly striving to please. We sometimes hear of some person saying "there is nothing in that paper, we can read it through in two minutes." Now we are well aware of the fact that one rain does not make a harvest, neither does the opinion of one person make or mar a newspaper, but we would rather have those persons who are wont to pass such criticism to pause and consider a moment before making such a remark. Do you read our editorial column, first column, second page, we always strive to put something interesting there, and a perusal of that column alone will consume more than two minutes; or perhaps it is the personal column to which you allude. Did we inadvertently over look the last trip you made shopping to a neighboring city, perhaps our society editor was not cognizant of your journey, but had you telephoned us, we would have gladly made mention of the fact. We consider it our duty and are always glad to publish the coming, and goings of you and your neighbors and of any visitors

you may have, and if mention is not made, it is your own fault, for it would be but the work of a moment to apprise us of any little personal by phone. Or mayhap it is the space allotted to our advertisers which you overlooked. Do you ever glance at the advertisements in your home paper? Perhaps a closer scrutiny of these features would save you one of those little shopping trips you take to a neighboring city, or perhaps save you the cost of a money order to some mail order house. Try it once any way, it might benefit you.

Every Democratic voter should remember that he casts a vote this year that will not only elect a Governor, but will make possible the election of a Democratic President. Judge O'Rear is vainly trying to keep these national questions out of the campaign, but the voters themselves want them answered, and it will not do for the Republican leader to say that he has not had time to inform himself about reduction of the tariff, and the adoption of the farmers free list bill, both of which measures President Taft vetoed. The Republicans are split into fragments in every State, while the Democrats have won repeated victories by standing shoulder to shoulder. We will not only redeem Kentucky this year, but we will lay the foundation for success in the nation next year.

Judge O'Rear will not permit a discussion of the issues that have been raised by an incompetent and arrogant Republican State administration, because he does not want the minds of the voters to dwell on these disturbing questions.

The Republican platform endorsed Taft, and it endorsed Willson. O'Rear dominated that Convention. He could have repudiated both these administrations, but he chose to support their every act, and if he has half the courage, honesty and sincerity which he boasts of having, he will continue that support in his public speeches.

R. Leduc who has oppose Premier Sir Wilford Laurier for his seat as Premier of the Government and leader of the Liberal party has withdrawn and this leaves the grand old man without opposition, to return to his seat as representative from Quebec, in which capacity he has served for thirty three years. Sir Wilfred's victory is considered a victory for reciprocity, and bets of two to one with no takers are being freely offered in Canada that the treaty will be ratified by that government.

At Somerset Saturday a Lincoln county jury, summoned from that county because one was not obtainable in Pulaski, found James Ellis guilty of the murder of Esquire Beattie at Burnside, Ky. sometime ago and fixed his punishment at death. This will be the first legal execution in Pulaski county in thirty years. Ellis together with Fount Helton is charged with the murder of Esquire Beattie and his constable Health in the former's court room at Burnside. Helton's trial is now in progress.

At the state fair at Syracuse N. Y. Saturday a racing car driven by Lee Oldfield, a brother of Barney Oldfield, became unmanageable because of the dampness of the track and dashed into the crowd killing six people outright and seriously injuring fourteen others. Oldfield was dangerously injured. President Taft who was the guest of honor at the fair that day had left the track but a few minutes previous to the accident.

The severe arraignment by C. T. Crane of the educational institutions of the country is already bearing fruit. At South Bend Ind. the faculty of Notre Dame have forbidden the smoking of cigarettes by the students, say the habit will be no longer tolerated. Wonder how many parents who patronize this school knew that such a habit has ever been tolerated there.

To date Governor Willson has only been absent 269 days from his post of duty. He has drawn from the treasury for that period of idleness \$4,786.20, his salary being \$17.80 per day, and for doing his work Lieutenants Governor Cox has drawn the same amount. This is the wastefulness and neglect which Judge O'Rear's platform tells the voters is altogether praise-worthy.

Governor Wilson's Republican Board of Equalization has in the last two years, added more than \$1,380,000.00 to the burden of the peoples taxes. The platform upon which Judge O'Rear is running endorses every act of Willson's administration, so, of course, this spoliation of the property of the tax-payers is approved.

Hon. Thomas Henry Carter, one time member of the United States Senate, ex-Chairman of the Republican National Committee and a noted figure in the political life of the nation, is dead at his home in Montana of lung trouble. Mr Carter was 57 years of age and was born in Ohio.

Statistics from Washington show the United States to be gaining in her exchange of commerce with the world; during the first eight months of the year 1911, her exports alone exceeding those for the same period of last year by \$1,250,000.

A Dreadful Sight.

to H. J. Barnum, of Freeville, N. Y., was the fever sore that had plagued his life, for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and wrote: "It has entirely healed with scarcely a scar left." Heals Burns, Boils, Eczema, Cuts, Bruises, Swellings, Corns and Piles like magic. Only 25c at R. E. McRoberts & Son.

Improving The City Streets.

The county machinery is busily engaged in repairing Richmond street from the public square to the railroad crossing. When this is done there will be a modern boulevard for a distance of about four miles in the direction of Point Leavell, and in the near future this will be extended to the Madison county line at Paint Lick.

Wallace.

Mrs. Wallace, wife of Mr. Newton Wallace who lives at the work house property and is employed by the county died at eight o'clock Tuesday evening. Mrs. Wallace has been ill for some time of intermittent fever, but was thought to be much better until Tuesday afternoon when she grew rapidly worse until the end came. Heart failure was the immediate cause of her death. Mrs. Wallace was 35 years of age and had made many friends since moving to Lancaster two years ago. She is survived by her husband and two small children. Her remains were taken to her old home in Jessamine county for interment.

Post Card Shower.

On my 88th Birthday I was made to feel with the poet "While friends abide and the sunbeams fall, there is something pleasant in life for all."—When a shower of almost 4000 post cards with other reminders came to me. Some from friends of the days of "Auld Lang Syne," others from friends of the present, and relatives far and near.

My heart was made to rejoice and be glad; to overflow with love for all—and "As you come to your birthday mile post."

May it point down a sunlit way. With friendship sweet to guide your feet

Toward the Land of the Perfect Day."

John K. West.

Died.

On the morning of the 13th with the breaking of dawn the soul of little Joseph Thompson Leavell, the nine months old son of Mr. and Mrs. W. K. Leavell, took its flight. The little fellow had never been strong and many times during the last few weeks the little life had been despaired of, but each time he rallied and again made a struggle for life, but notwithstanding the careful attention of physician and friends and the loving care of the parents, who hoped against hope that the little one might be spared to them, he finally succumbed. After short services at the grave by Rev. C. C. Brown, the remains were laid at rest in the Lancaster cemetery at 10:30 o'clock Wednesday morning.

Robinson Reunion.

A reunion of the immediate family and relatives of the late Benjamin F. Robinson, who resided for years near Camp Dick Robinson, in Garrard county was held last week at the club house on Dix River. Forty relatives gathered at the beautiful spot and to say the day was a delightful and happy one but mildly expresses the event. The Robinson family is one of the most prominent and popular in Central Kentucky—Every member being possessed of that highbandedness, sociability and honorable bearing so characteristic of Col. Robinson. He was, in his prime, unquestionably, the best known stock man in this section, and distributed many a thousand dollars among the farmers. He was a true friend, an honorable gentleman and good citizen, and his name will long linger with those who knew him. A sumptuous dinner was served.—Danville Messenger.

Quit It Boys.

Imagine yourself a stranger in a strange city, entering with a young lady a place of public entertainment, and your advent being made the occasion of clapping of hands, stamping of feet, whistling cat calls, etc. Would you not feel embarrassed? This is the experience of nearly everyone who visits the Lancaster opera house, home people as well as strangers, and a bashful youth accompanying his first sweetheart is made the particular butt for these jokes. (?) These occurrences are not new in Lancaster, they have been in vogue for years, and it is time a stop was put to the practices. It is the height of rudeness, annoying, ungentlemanly and wholly uncalled for.

The principal perpetrators are boys of an age that do such things unthoughtfully, but we are sorry to note that the rudeness is participated in by some who should know better, who have reached maturer years. Let us have an end of such practices.

The Sick

Mr. Coleman Gulley is confined to his home on Richmond street with an attack of stomach trouble. His condition is considerably improved and it is to be hoped that he will be able to resume business within a few days.

The bright little son of Mr. William Watkins who resides on the Danville pike near town is seriously ill of typhoid fever. The little fellow is well known in town having spent much of his time recently with Mrs. J. I. Hamilton, and his many friends hope he will come through this attack of fever.

One of the little sons of Mr. and Mrs. Adam Kelly has been very ill the past week with what was at first thought to be typhoid fever, luckily however, this proved not to be the case and he is now on the way to recovery.

Mrs. Ben King who has been seriously sick at the home of her sister Mrs. Dr. Burnett is sufficiently recovered to be able to sit up and her entire recovery is but a matter of a short time.

Mrs. Sallie Lawson who was reported as being ill last week is considerably improved.

A NEW AND MUCH NEEDED ENTERPRISE To Be Established In Lancaster By One Of Our Successful Business Men.

Mr. Henly V. Bastin is organizing a stock company for the purpose of establishing an ice plant in Lancaster. The plant is to be placed on the property now occupied by the Creamery, and the water for the manufacture of the ice can be obtained in amply sufficient quantities, according to Mr. Bastin, from the old Herring spring, which adjoins the property in view.

Mr. Bastin's idea is to incorporate for the sum of \$15,000. Of this amount \$5,000 is to be common stock which Mr. Bastin takes in return for the Creamery property, the land surrounding it and two acres more land upon which the above named spring is situated; the remaining \$10,000 is to be preferred stock and is to be placed upon the market at a par value of \$100. per share, several shares already having been disposed of at the market price. No profit is to accrue to this common stock until the preferred stock is upon a basis where it will net a dividend of 7 per cent annually, in other words, Mr. Bastin does not stand to reap any profit from his enterprise until after the corporation having paid taxes & c, his preferred stockholders are drawing an annual dividend of 7 per cent.

Mr. Bastin says that with the latest improved machinery it does not require near so much water for the manufacture of ice as has heretofore been necessary with the old style machinery, and that the spring which he proposes to utilize will furnish an ample supply of water the year round to keep the ice plant in operation. Mr. Bastin proposes to erect a plant with a capacity of 10 tons of ice per day, and in addition to this he proposes to operate an ice cream factory in conjunction with the ice plant with a capacity of 200 gallons of cream daily.

An ice plant has been a long felt want in Lancaster, and it is greatly to the credit of Mr. Bastin that he has taken the initial steps toward the erection of one. The surplus of an ice plant at this place would find ready sale, as the ice plants in this section of the state have been unequal to the task of supplying this as well as other communities with a sufficient amount of ice during the heated season, the scarcity at times amounting to almost a famine.

The success of the enterprise is assured almost from the start. Mr. Bastin has upon several occasions proven his aptitude for just such enterprises as this one; in the first place he is thoroughly acquainted with all classes of modern machinery, had made them a study; he took the Lancaster Creamery when it was shut down, because it was said not to be a paying proposition, placed it in running order and made a success of it, as many farmers of the county will bear witness. To this he has added a modern ice cream factory, supplying the soda fountains of Lancaster and the entire town and county with all the cream used during the year, besides shipping his cream to many Kentucky towns and establishing for it an enviable reputation, so that he has now reached the point that he is unable to supply the demand.

We believe that Mr. Bastin will be equally as successful with an ice plant as he has been with the creamery and ice cream factory, and that he will succeed in solving the theory of supplying Lancaster with a bountiful supply of pure ice, and at the same time reap a nice profit for himself and his associates in the proposed enterprise.

FARMS FOR SALE

Forced To Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Clamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, La-Grippe, Asthma, Croup—all Throat and Lung troubles. 50c & \$1.00. Trial bottle free at R. E. McRoberts & Son, 1-n

We Don't Mix.

For shave or hair cut, you go to a barber.

For provision, you go to a grocer.

For medicine and pills, you go to a druggist.

To make a deposit you go to the bank.

To bury a friend you go to the undertaker.

So when you want insurance, why not go to an Insurance Man, only agent in Garrard County who writes nothing but insurance. In a class to our selves no mix-up.

EVENTUALLY—

why not now.

E. C. GAINES.

Republican Mass Convention.

Pursuant to a call of the Republican Garrard County committee, there will be a Republican Mass meeting held at the Court House in Garrard County Kentucky.

SATURDAY, SEPT 23, 2 P. M. in the Circuit Court room, for the purpose of nominating a Republican candidate to be voted for at November election to represent Garrard County in the next legislature. Vote to be taken viva voce in the convention.

W. C. WYNN, Chairman.

FLATWOOD

Ed Portwood sold a mule colt for \$80. Geo Miller sold a mule colt for \$100. Abe Faulkner sold three hogs to Harrison Gaffney for \$21.00.

Press Baker bought six hogs from Lee Anderson for \$18.00. Geo Miller bought a work mare from Mr Gastineau for \$140.00.

S. L. Balrd sold a pair of mules to Grant Hammonds for \$100.00. G. W. Elam is building a new residence on the land he purchased from John Longworth.

Doctor Praises D. D. D.

Although an M. D., I acknowledge to my patients and patrons that your remedy, D. D. D., reached cases of Eczema and permanently cures them. — Dr. Ira T. Gabbert, Caldwell, Kan.

"My cure began from the first application of D. D. D. My skin is now as smooth as a baby's. I wouldn't take a thousand dollars for what D. D. D. has done for me," writes August Santto, of Chillicothe, Ohio.

These are just samples of letters we are receiving every day from grateful patients all over the country.

"Worth its weight in gold." "All my pimples washed away by D. D. D." "I found instant relief." "D. D. D. is little short of miraculous." These are the words of others in describing the great skin remedy, D. D. D.

Proven by thousands of cures, for ten years to be absolutely harmless and reliable in every case of skin trouble, no matter what it is.

Get a trial bottle to-day! Instant relief—only 25cts at R. E. McRoberts & Son.

Mr. David Jenkins of Georgetown, is visiting his father Mr. C. M. Jenkins.

Kennedy and Dickerson bought of Sam Hughes the residence now occupied by Mr. Virgil Scott for \$1200.

A WORD WITH WOMEN.

Valuable Advice For Lancaster Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." When the kidneys get congested and inflamed, there are many such aches and pains and the whole body suffers.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help—the weakened kidneys. They can't get well alone.

Doan's Kidney Pills have brought sound backs and new life and strength to thousands of suffering women. They are endorsed by thousands—endorsed at home—Read this Lancaster woman's convincing statement:

Mrs. B. F. Walter, Hill St., Lancaster, Ky., says: "I never fail to praise Doan's Kidney Pills when I have the opportunity. I have never been without a supply of this remedy in the house for years and whenever my back becomes lame and painful, a few doses always bring prompt relief. For some time I suffered from kidney trouble. The kidney secretions were unnatural and I knew that my kidneys were disordered. At that time it was my good fortune to hear of Doan's Kidney Pills and I procured a supply at Frisbie's Drug Store. Through their use my kidneys were restored to a normal condition."

For sale by all dealers. Price 50 cents Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

FARMER'S COLUMN

space below this heading is for the exclusive use of our farmer subscribers, and is for the sale of stock, grain and such things on farm as the farmer cannot afford to advertise. No notice will be accepted over four lines, and will be only in two issues of the Record, free of charge.

FOR SALE—Two Poland China Boars, weighing about 100 lbs. W. S. Embry.

FOR SALE—151 acre farm good house and improvements. Gus Scott Buena Vista, Ky.

Lost—Between Batson's store and toll-gate house on Lexington pike, a hand bag with pocket book in it.

Mrs Sam Cochran.

FOR SALE—Two extra good milk cows fresh with young calves satisfaction guaranteed. Price reasonable, will sell with or without calves. Phone D. B. Polphry 347 A. or write Z. T. Rice Richmond, Ky.

S. S. Ralls & J. M. Hutsell, of Mt. Sterling, Ky., have purchased of A. B. McAfee, of Lawrenceburg, Ky., a suckling mare mule colt for \$250. This mule is an exceptionally fine one and when weaned weighed 650 pounds.

Mr. Alex Gibbs has just returned from a trip into Tennessee where he purchased 140 nice feeding cattle for which he paid in the neighborhood of 5 cents per pound. The cattle will be shipped to him within the next few weeks and will be placed on the farm of the Messrs Gibbs Bros. on the Kirsksville pike.

Messrs Wayne & Harmon sold and delivered Monday to A. E. Humbley & Son, of Boyle county, 86 head of grazing cattle that averaged 1048 pounds each. It was a fine looking drove of cattle and while the price at which the cattle were sold was not announced, it is reported to have been a good one. — Marion Falcon.

Garrard county has probably as good a corn crop as there will be in the state even before the breaking of the recent drought parts of this county had received bountiful rains which were but local, and the corn prospect was good, and since the rains farmers in some localities say they will have a better crop than last year. For a while the farmers were having visions of \$4.00 corn at gathering time, but the prospect for splendid fall grazing have blasted their hopes as to this price. We have heard of several sales at \$3.00 and of one sale of 150 barrels at \$3.25, but the general impression is now that \$3.00 will be the ruling price.

No Need To Stop Work.

When your doctor orders you to stop work, it staggers you. "I can't you say. You know you are weak, run down and failing in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength, and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at R. E. McRoberts & Son.

PAINT LICK.

MALARIA

headache, biliousness, indigestion, rheumatism, pimples, blotches, yellow complexion, etc., are all signs of poisons in your blood. These poisons should be driven out, or serious illness may result. To get rid of them, use

Thedford's Black-Draught

the old, reliable, purely vegetable, liver medicine.

Mrs. J. H. Easler, of Spartanburg, S. C., says: "I had sick headache, for years. I felt bad most of the time, I tried Thedford's Black-Draught, and now I feel better than when I was 16 years old." Your druggist sells it, in 25 cent packages.

Insist on Thedford's
